

# WHAT IS FLEX?

Flex Service brings a public transportation option to areas that have little or no regular service. Flex Service is unique in that it combines designated bus stops with custom reservation options—all in one service! Passengers have the option of picking up the Flex van at a scheduled stop or choosing their own pick-up or drop off points within the designated Flex Zone.

And even though Flex primarily provides local service within its designated zone, it can connect you to our statewide network.

## How Flex Can Work For You

- Just **board at a scheduled Flex stop\*** or **make a reservation** to be picked up at the curb at any address within your Flex Zone (*please see accompanying map*).
- Once on board, you can request to **get off anywhere in the Flex Zone**—just remember that the Aquidneck Island Flex van operates in the direction indicated on the map. Custom stops will be made in the same direction as the van is traveling.
- If you aren't boarding at a scheduled stop, **make a reservation** by calling **1-877-906-3539** or **401-784-9500, ext. 220** between 8:30am and 4:30pm, Monday to Friday. If you call during those hours, RIPTA can make a reservation for you as soon as the next morning depending on availability. You cannot make reservations with the driver.

*\*Because of custom stops, the Flex van may arrive at stops up to 10 minutes after the designated time.*

## Traveling Outside Your Flex Zone

To travel outside your Flex Zone it is necessary to connect to fixed-route service. On South Aquidneck Island, the Flex route has scheduled stops at the **Newport Visitors Center** where you can **transfer to regular RIPTA Routes 14, 60, 63, 64 and 67**. The Flex vehicle cannot travel outside its zone.
