

**RHODE ISLAND PUBLIC TRANSIT AUTHORITY**

## **PERSONAL MEDICAL RESPIRATOR, CONCENTRATOR, AND OXYGEN POLICY**

Rhode Island Public Transit Authority (RIPTA) shall not prohibit an individual with a disability from traveling with a respirator, concentrator, or portable oxygen supply, consistent with applicable Department of Transportation rules on the transportation of hazardous materials (49 CFR subtitle B, chapter 1, subchapter C). Drivers should not handle cylinders and allow passengers to handle their own personal equipment. Drivers should ensure that the aisles and doorways remain clear and that passengers have secured their equipment during their ride.
